RE: Thermophilic Denitrification of Tobacco
Argentine Application 290830
Our ref: PM 1045

Dear Jim:

Enclosed is a letter from Reddie & Grose analyzing the latest action in this case and proposing a course of response. Please reply to them as you see fit; we certainly don't want to fight for claims 13 and 14 to organisms for the process.

Very truly yours,

G. Esler Inskeep
